### Final Evaluation (CTEF Numeric) (TA)

Responses: 27 / 54 (50.00%)

Window: 5/22/20 6:00pm - 6/8/20 7:45am

Assigned to: STATS 7 DIS C1: BASIC STATISTICS (37021)

Term: Spring 2020

What are the Teaching Assistant's teaching strengths?

- Giving extra information including videos that help illustrate the professor's confusing points.
- Good explanations in the videos
- Great at going over details
- Helpful and communicative
- I really love the way you present your notes. They are really clear.
- Provides great visuals in the quiz reviews, that are really helpful.
- Responsible  
Accessible
- She does well going over the quizzes and teaching us how to answer the questions and showing us why the answer is what it is. In the homework she is specific about what she is asking for and provides tips and hints in case we get stuck on how to answer the questions.
- She explains the topic that I might be confused on well, as she uses analogies.
- She gives very good and in depth explanations. She takes time to explain each quiz question we had so that everyone knew how to get the answer as well as the why behind everything.
- She is really caring and explains everything really well!
- She is very knowledgeable of the material and understands it. She makes learning the material easy and simple.
- She is very patient and understanding. She made sure I understood homework and quiz questions completely, not just for completion.
- She responded well to the student questions and had detailed answers.
- She was very clear in her explanations of course concepts and receptive to students questions. She would answer and communicate with us students in the discussion board which I greatly appreciated.
- The TA was very helpful during office hours and made sure that we actually understand the course.
- Very responsive, always willing to help
- Vividly showing explanations.
- accessible for help and office hours, passionate about helping students learn
- due to issues of online teaching this summer, I did not get a chance to go to this TA's office hours. However, her videos showing us how to solve problems was helpful

Responses: 30 / 53 (56.60%)

Window: 5/22/20 6:00pm - 6/8/20 7:45am

Assigned to: STATS 7 DIS C2: BASIC STATISTICS (37022)

Term: Spring 2020

What are the Teaching Assistant's teaching strengths?

- Explains topics well and clearly in video discussions.
- Federica has been very helpful during office hours and is always open to answer any questions that I have had. She really took the time to answer my questions through Zoom and I never felt rushed at all. She was also accessible through email and responded fast. She was an amazing TA.
- Federica's very good at explaining concepts and helping clarify things that were unclear in lecture. She usually goes over the answers to the quizzes we were given, which is very helpful because it helps students understand how to correctly think about the problem and get the right answer. I used her notes and videos many times when I was struggling with assignments.
- Goes over the questions thoroughly and gives examples to make sure you understand the concepts. She walks you through it step by step and slows down if you need more time.
- Good at answering questions during office hours.
- Great at explaining and going into depth of the professors teachings.
- She is good at explaining examples when we are struggling
- She is good at making problems clear and approachable and has helpful office hours.
- She is very good at explaining the information and helping students when they are confused.
- She teaches very clearly and concisely. She makes a lot of different examples and tries her best to explain concepts with drawings or diagrams which is very helpful.
- She was super kind, always willing to help and thorough in her explanations, making sure that the student understood what she was saying and the concept she was portraying.
- She was very responsive to my emails and helpful during discussion. Her discussion notes helped me understand the material and she knows the concepts very well.
- Takes time in office hours to provide detailed explanations and clarifications.
- The TA had good office hours, at good times and good days, and was very helpful and thorough when going over problems. The videos explaining concepts were very helpful as well.
- The TA has detailed explanations in her videos that help reassure certain topics. Office hours have been helpful.
- The Teaching Assistant goes out of her way to respond to students who are struggling in certain problems. She leads the students to the correct answer well.

*This course was taught during the COVID-19 pandemic*

- The amount of detail and attention that is given into the responses and questions that students as cannot be topped. She has an amazing attitude towards teaching and was always helpful, and therefor students. You can see the passion that she has toward the subject and she made herself very approachable towards us and made us feel comfortable enough to be able to contact her with any questions or concerns.
- The teaching assistant provides example problems and explains through them very clearly.
- Very easy to get along. Projects ones worries and questions to make sure we understand everything
- available during office hours, knowledgeable
- nice
- open and accessible
- responds in a timely matter, very good clarifications as well
- very informed about topics and explains concepts in depth

How can this TA improve as a teacher?

- 
- Could make that the student understands what she is saying in regards to the material, making sure to translate it in easier terms.
- I am not sure how this TA can improve since she is doing a good job.
- I feel like she does a good job teaching us the material.
- Keep up the hard work!
- Maybe providing extra practice problems, however, this was already done by the professor towards the end of the quarter.
- NA
- Nothing much really, the TA was really good when needed.
- Nothing to improve on.
- She can help a little more with R studio.
- This TA can improve by possibly asking students what concepts they are confused on and maybe focus on teaching problems that students find most difficult.
- go a little more i depth when discussing examples
- more involvement within the class
